5. Volley Lites will be used for 6th grade divisions and below.
6. Before the start of the match, a CAPTAIN from each team will meet with the official to determine serve or receive by a coin toss. The winner of the toss will choose whether they will serve or receive first.
7. One or Two Liberos will be used as a part of the team, only utilizing one at a time. The Libero will be allowed to serve.
8. If a ball is hit and makes contact with the ceiling but doesn't go over the net, and there is still contact you may continue play. Players are allowed to contact the center line as long as the play does not pose a threat to an opposing player. Contacting the net is not allowed before, during or after playing a ball.

### Serving Lines/ Rules

1. Serving-
  - a. 5th and 6th grade will follow the serve in rules (6'6 from end line)
  - b. 7th grade through adults will serve from the endline.
2. If you are the 1st receiving team, you will rotate for your 1st server.
3. For grades 3rd/4th, after 5 consecutive serves the opposing team will be given the service but not the side out point.

4. The server has 8 seconds from the time the referee blows the signal to make the serve. The server gets one serve per service attempt. For instance, you can toss the ball and let it drop one time within 8 seconds of your service if you do not swing at it.

## **Substitutions**

1. Teams will be allotted 12 substitutions per set total. This does not include an injury/emergency substitution.
2. Players that are subbed off the court can only go back in for that same player:  
Example: If player #1 goes in for #2, player #2 cannot come back in for anyone except for player #1. This rule will apply until the game commences. All substitutions and line ups can reset the following set.
3. Injury/emergency substitutions may be made at any time. Games will continue if a player is injured but there are still 5 athletes able to play. The game will resume with a “ghost player” for that team.
  - a. A ghost player is an open spot on the court that operates as an imaginary player. When the team rotates and the ghost player has the service, the team must give the opposing team the ball, and award the opposing team a point. This rule will apply every time the ghost player is up for service.
